General information

Article number : 12702790 Eiger polarized sunglasses in recycled PET casing
Description : Polarized sunglasses made from plant based plastics. The high end finished frame and temples are made from Rilsan Clear G850 Rnew, a polymer derivative of castor oil. This material is a sustainable alternative to traditional plastics, and is also great for producing lightweight and flexible frames for comfortable eyewear. The lenses are polarized which eliminates reflecting sunlight, making it ideal for driving a car or during other sunny summer or winter outdoor activities. This eyewear conforms to EN ISO 12312-1, has UV400 lenses which are rated as Category 3. Delivered with a soft storage pouch (18 x 9 cm) made from recycled PET plastic, that also functions as a cleaning cloth, all packed in hard storage case (18 x 8 x 6.5 cm), also made from recycled PET plastic. Rilsan® polyamide.

Brand : Unbranded
Material : Rilsan® polyamide
Colour : Solid black
Length : 17,00 cm
Width : 8,00 cm
Height : 6,50 cm
Weight : 70 gram
Country of origin : PRC
